Description:

This Grand Rounds will address identified practice gaps in the management of opioid use disorder (OUD). Participants will review what OUD is, recognize related complications including overdose and withdrawal, and examine treatment options available in a hospital setting. The session will provide a guided review of existing Meditech order sets and hospital protocols to support timely, consistent initiation of care. By aligning clinical knowledge with standardized workflows, the session is designed to improve clinicians' confidence and competence in treating OUD during hospitalization.

Audience:

This course is designed for hospitalists, nurse practitioners, physician assistants, advanced practice nurses, registered nurses, allied health professionals, physicians, and residents.

Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Describe the current state and impact of the opioid epidemic.
- Apply appropriate terminology when discussing substance use disorders.
- Identify how Medication Assisted Treatment (MAT) is used for opioid use disorder.
- Review hospital protocols for treating OUD at Swedish Medical Center.

Accreditation:

The HCA Healthcare Continental Division is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Commercial Support:

This activity was developed without support from any ineligible company.

*The ACCME defines ineligible companies as those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Note: The ACCME does not consider providers of clinical services directly to patients to be commercial interests - unless the provider of clinical services is owned, or controlled by, an ACCME defined ineligible company.

Disclosure:

The HCA Healthcare Continental Division is committed to providing CME that is balanced, objective, and evidence-based. In accordance with the Accreditation Council for Continuing Medical Education Standards for Integrity and Independence all parties involved in content development are required to disclose all conflicts of interest with ACCME defined ineligible companies. The HCA Healthcare Continental Division has identified, reviewed, and mitigated all conflicts of interest that speakers, authors, course directors, planners, peer reviewers, or relevant staff disclose prior to the delivery of any educational activity. The CME planning committee who are in a position to control the content of this CME Activity have no relevant financial relationships with ineligible companies to disclose.
